

Title: Student Worker- COVID Vaccine Outreach

Relevant Degree Areas: Any health, public health, or mental health degree

Level of Effort: Approximately 4-5 hours per week

Compensation: \$20 per hour

Location: Mineola, TX

Job Description

Clover is seeking a paid student worker for the 2021-2022 academic year to support our COVID-19 Vaccine Outreach initiative in the northeast Texas region. The student worker will serve on our community outreach team and will support our efforts to increase vaccine awareness in the area. Specific duties will include curating and creating vaccine-related educational materials for the community, participating in virtual and outdoor events to promote vaccine awareness, supporting data collection related to the vaccine initiative, and conducting related administrative and support duties as assigned. The student worker will learn how to provide psychologically-informed public health education for community members, and will be expected to create and conduct a presentation about what they learn in order to promote this knowledge in their college student peers. Supervision and mentoring will be provided by experienced Clover staff members.

Qualifications

Qualified applicants will be currently enrolled in a college or university, majoring in a relevant degree area, skilled at time management, organized, and interested in learning from a team of psychologists and allied professionals.

About Clover

Clover Educational Consulting Group, Inc. is a 501c3 non-profit corporation based in Mineola, Texas, with a secondary branch in Austin. The founders of Clover are doctoral-level licensed psychologists with specific expertise in research, administration, policy, program development, and education and training.
